We would like to take this opportunity to introduce you to the Western States Utility Theft Association. This regional group was founded in 1987 as Western States Energy Theft Association (WSETA) with the intent to bring utility companies together from the Western United States. In 2001 the name was changed to Western States Utility Theft Association. Our mission is to identify measures to protect our companies from revenue losses associated with unauthorized use of service. Each year, WSUTA hosts a conference where revenue protection professionals may learn about and share perspectives on the issues faced by our membership. Vendors aligned with our mission proudly display the latest technology and services and provide options for consideration in the pursuit of reducing theft of utility service. Attention Revenue Assurance Professionals! The Western States Utility Theft Association Conference has been scheduled for September 25 - 28, 2024 in Ontario, California. Please go to Conference Information for details. WSUTA consists of officers who are elected by the WSUTA members at the annual conference. Membership in the organization requires only that an interested member be a utility employee whose principle activity involves recovery and/or the protection of revenues. A Board of Advisors made up of former officers provides guidance and assistance in coordinating the annual conference. The utility industry has become very dynamic. The issue of competition among utilities around the world is a reality. Utilities that were once closely regulated or controlled by the government are now becoming deregulated and privately owned. The added value of protecting against the loss of diminishing profits from unauthorized use of the utility's service is becoming a higher priority. The ability to accomplish this objective with the highest efficiency and cost effectiveness is our goal. The Western States Utility Theft Association is a not for profit, professional association comprised of western US utility representatives with a mission of developing and supporting an ongoing effort to combat revenue loss through utility diversion, thereby reducing the unfair financial burden placed on other utility

customers and stakeholders. WSUTA Revenue Protection Professional of the Year. We are seeking to recognize revenue protection personnel within the utilities for their outstanding dedication and service in the field of Revenue Protection which have contributed to the success of your program in your company. WSUTA works closely with the International Utility Revenue Protection Association. IURPA represents a vast resource of remarkable people with valuable information. We congratulate our members and vendors for making WSUTA the success it has become and welcome our new members and vendors to participate in the growth and prosperity of the Western States Utility Theft Association and the International Utilities Revenue Protection Association.

Fiscal de la CPI solicita órdenes de detención contra líderes de Hamás y Netanyahu por crímenes de guerra

El fiscal de la Corte Penal Internacional, Karim Khan, anunció el lunes que había solicitado órdenes de detención contra los dirigentes de Hamás y contra el primer ministro de Israel, Benjamín Netanyahu, por crímenes de guerra y crímenes contra la humanidad en relación con el ataque del 7 de octubre y la guerra en Gaza.

Entre los solicitados por Khan se encuentran Yahya Sinwar, Mohammed Deif e Ismail Haniyeh, de Hamás, así como Netanyahu y el ministro de Defensa israelí, Yoav Gallant.

Si se emiten órdenes de detención, las personas citadas podrían ser detenidas al viajar a uno de los 124 países miembros del tribunal.

Khan afirmó que tiene "motivos razonables para creer" que los líderes de Hamás son responsables de "crímenes de guerra y crímenes contra la humanidad", incluido "el asesinato de cientos de civiles israelíes en ataques perpetrados por Hamás".

Con respecto a Netanyahu y Gallant, el fiscal dijo que cree que los líderes israelíes tienen responsabilidad penal por crímenes de guerra y crímenes contra la humanidad, incluyendo el uso de la inanición como arma de guerra y "dirigir intencionalmente ataques contra una población civil".

La declaración del tribunal no es totalmente una sorpresa. En marzo, Volker Türk, responsable de derechos humanos de las Naciones Unidas, afirmó que las restricciones impuestas por Israel al ingreso de ayuda en Gaza y el modo en que está dirigiendo la guerra podrían equivaler al uso de la inanición como arma.

Funcionarios israelíes dijeron por primera vez a finales de abril que creían que el tribunal estaba preparando la emisión de órdenes de detención contra altos funcionarios del gobierno por cargos

relacionados con la guerra.

Israel ha negado ser el causante de la crisis de hambre en Gaza o poner límites a la ayuda humanitaria que entra en el territorio. Afirma que Naciones Unidas y otras organizaciones no han distribuido adecuadamente alimentos y otros productos humanitarios.

La situación alimentaria en Gaza se consideraba estable antes de que comenzara la guerra, pero se ha deteriorado drásticamente desde entonces y la perspectiva de hambruna lleva meses en el panorama.
